

THE TERMINAL SUBSCRIPTION.

A Card from the W. & L. E. Railway Company Defining its Position.

So much has been said privately and written publicly concerning the Wheeling & Lake Erie Railway Company with the payment of the last \$100,000 of the subscription of Ohio county to the capital stock of the Wheeling Bridge and Terminal Company that we deem it advisable to state the position of the Wheeling & Lake Erie Railway Company in this matter. If the \$100,000 is due and payable it is because the Wheeling & Lake Erie Railway Company has built its railroad from Bowers to Martin's Ferry and connected with the Wheeling Bridge and Terminal Company at Martin's Ferry. It constructed this connection with the understanding that by the same contract by which the Terminal Company through this action of the Wheeling & Lake Erie Railway Company secured the \$100,000, it, the Wheeling & Lake Erie Railway Company, or any other railroad connecting with the tracks of the Terminal Company, could have its cars of freight transferred over any or all of the tracks of the Terminal Company for a charge not to exceed a maximum rate of two dollars per car. The officials of the Wheeling & Lake Erie Railway in charge of its traffic have applied to the officials of the Terminal Company for rates, but no proposition has yet been made by the officials of the Terminal Company to the Wheeling & Lake Erie Railway which would be either a compliance with the terms of the ordinance of Ohio County or such tariff rates that the Wheeling & Lake Erie Railway can afford to accept and do business with the people of Wheeling, or to enter into the carriage of freight passing through the city of Wheeling.

The Wheeling & Lake Erie Railway Company asks nothing more than what the ordinance stipulates, and it proposes to endeavor to obtain it—in the court or otherwise, and it hopes to have the commendation and assistance of every fair-minded citizen in Ohio County in this undertaking.

THE WHEELING & LAKE ERIE RAILWAY COMPANY.

THE BIG PUMP BROKEN.

The Water Works in a bad Condition for an Emergency.

Saturday Superintendent Cummings, of the water works, reported that the big Green-Maxwell pump at the power house was disabled and would have to be shut down a day or two for repairs. This leaves the two old "plunger" pumps and the Worthington lift for service. It is estimated that the city is using between six and seven million gallons of water daily and as the greatest capacity of the remaining pumps is 5,000,000 a day it will be seen that if a big fire should occur in the next day or so the situation would be really serious. This illustrates the absolute necessity of a reserve pumping capacity adequate to the city's maximum consumption. It is said that the pumps are now forcing water directly into the mains, as it is impossible to keep a supply in the reservoir with the limited capacity for pumping and the big demand.

THROUGH THE STATE.

Items and Events of Interest Gleaned from Our Exchanges.

The Point Pleasant Gazette reports that St. Albans was thrown into a state of excitement Monday afternoon by the report that two men were dead in a well on Delaney's hill. Investigation revealed the fact that John Briggs, a colored man, had gone out of curiosity down in a new well being dug for Isaac Richards, colored, on the hill back of Amundsville, a half mile from St. Albans, and had been overcome with foul air. Mat Musselman, a white man, was among the first arrivals after the drama. He took a rope and went to Briggs' rescue, when he was also overcome by the damp. Musselman took a rope with him, but could not use it. A large crowd gathered, but no one would risk his life to go down after the men, and when their bodies were gotten out after an hour, life was extinct in both. Briggs was a young married man and lived here. Musselman was a boss at the Lock 7 quarry and was from Michigan. He was single.

Martinsburg has a hoodoo, by name Wesley Jennings, whom they claim has a supernatural control over fowls, animals and insects. He is employed in the culinary department of the St. Clair hotel, and the other day when some of the girls did not work as he thought they should, he told them he would "come bring down de bees and have you stung all over." The girls laughed at him, which made him very indignant. So he went to the kitchen door, whistled a few peculiar notes and made some very funny gesticulations with his arms. In less than five minutes the kitchen swarmed with bees, and one girl was stung so hard that she is under the care of a physician. Seeing that their girl was dangerously stung, Jennings went into the yard, again whistled and dropped his arms, and the bees all immediately left the house. At another time, on a water, he brought an army of ants into a grocery store.

A fight occurred one day last week out at the Pleasant Hill Baptist church near Newton this county between three parties, viz: Hopkins, Steel and Salsinger, in which Steel got very badly hurt with a rock. This difficulty took place a short distance from the church and was not heard by those inside the church engaged in a revival meeting that has been in progress the past few days, however, some parties outside of the house were disturbed. The three men were arrested and taken to the church and tried before a justice and fined \$10 each and cost. This trouble was at the commencement of the meeting and made considerable against the general progress for some days.—*Spencer Bulletin.*

The Kingwood Arms has the following: Over on Muddy Creek Hill last Sunday night a week ago, a couple of young people were seriously hurt by a frightened horse. A young man named Falken-tine, was riding home from singing school with Miss Rachel Liston, a daughter of Abner Liston, on behind him. The horse started at something and ran away, throwing him off on one side of the road and her on the other. Both were picked up badly bruised and have been laid up for repairs since. The young lady was hurt internally, and has been spitting up blood, but will recover.

One of the Tucker county papers tells the following tramp story which is out of the usual line: "In jail for murdering in cold blood, a pig of the value of two dollars—that's the reason Martin Smith, a tramp from Belgium, now languishes in the jail of Tucker county. Smith killed the pig with a rock, over in Clover district, and skinned it with a pair of scissors. He was very hungry and ate its fore quarters raw.

On last Thursday week some unknown person broke open the window of A. B. Yeoman's house near Precor, with no other intent than to poison him and family. The poison was put on muskmelon, a part of which Yeoman ate, almost proving fatal, he being entirely helpless until the next morning. His wife and child might have shared a

similar fate had they returned with him.

Mrs. E. Bobout, of North Alderson, this county, who owned the young lion that was exhibited at the Smithsonian Institute at Washington, for \$300. Mrs. Bobout has realized altogether about \$700 from her pet. The animal was born in North Alderson on the 3d of October of last year while French's circus was exhibiting there.—*Greenbrier Independent.*

On last Friday evening in a drunken row on Silver Creek, in Wayne county, Bill Rowe, of Martin county, Kentucky, shot Penbrooke Webb. The Sheriff of Wayne county was present at the time but was unable to do anything. Webb was shot just under the eye and the ball lodged in the roof of his mouth. The wound is a serious one, but not necessarily fatal.

Hon. H. G. Davis is making extensive arrangements for the opening of a stone quarry on the Pittsburgh extension of the W. Va. C. It is a beautiful sandstone, and will be used by Mr. Davis in the magnificent dwelling which he is erecting in this city.—*Elkins News.*

John T. Vanmeter, of Hardy county, shipped from Keyser 137 head of cattle, which averaged 1,411 pounds. This was one of the finest lot of cattle ever shipped from that point. They will go to Europe.

MARTIN'S FERRY.

Three McKinley Meetings—Buggy Broken. Soldiers' Reunion, etc.

Chairman C. L. Weems, of the Republican County Committee, writes that he has positive assurance that Major William McKinley will speak at Barnesville, Etanville and Bellaire either this week or next week, and General Nathan Goff will speak in Martin's Ferry toward the close of the campaign. Martin's Ferry Republicans wanted to have Major McKinley in Martin's Ferry, as did every other town in Ohio, but they all couldn't get him and Martin's Ferry will turn out en masse and go to Etanville and Bellaire. The meeting at Etanville will accommodate the employees in the two big rolling mills there, Etanville, Martin's Ferry, Bridgeport, Wheeling and the vicinity, as also will the Bellaire meeting. Excursions will be run to both places, also to Barnesville, and the whole of Belmont county and part of West Virginia can hear McKinley. These three meetings will be monster ones. Garfield and Foraker both spoke at Etanville. The former meeting was one of the greatest ever held in the Ohio Valley. On the common bulk of the Standard mill warehouse fully 5,000 people can be accommodated. After the Etanville meeting whole train loads of people will follow the gallant Major to Bellaire.

Saturday evening Senator Nichols and Hon. A. T. McKelvey addressed the Republicans of Morristown. On Wednesday evening Hon. A. T. McKelvey and Hon. C. L. Weems will address the people of Loydsville, and on Thursday night they will speak at Bolan's school house, in Goshen township, and next Saturday afternoon at Hendershot's Grove, in York township.

The tin plate mill at Irondale will be in operation by the middle of the month. This mill will make about 500 boxes of tin every day.

A buggy belonging to Scott & McCraw, of Bridgeport, was struck by the cars on the C. & P. road on Saturday and badly used up.

Many a man who formerly possessed a powerful physique and strong, steady nerves, wonders at his feeling of weakness, dullness, exhaustion. There is an extremely nervous condition, a dull, cloudy sensation, disagreeable feelings in head and eyes, bad taste in mouth, morbidness, the vision becomes dim, memory is impaired, and there is frequent dizziness, despondency and depression of mind. The nerves become so weakened that the least shock will flush the face or bring on a trembling with palpitation.

Luckily there is the great and wonderful restorative, Dr. Greene's Nervura, which will give back to the weakened and exhausted system the strength it has lost, impart vigor to brain and nerves, vitalizes and invigorates the physical powers, dispels despondency and restores again that grand degree of lusty strength and power which in ignorance or folly we have exhausted. Druggists sell it, \$1.00. Purely vegetable and harmless. Try it and you will never regret it.

"I deem it my duty to the public to state the wonderful effects of Dr. Greene's Nervura in my case. My improvement has been most gratifying, and language cannot describe the change in my feelings and prospects. Where all was gloom and despondency, there is now light and hope. I gained 13 pounds, and am still gaining. Not alone myself, but I know many others who can testify to the merits of Dr. Greene's Nervura."

CHARLES H. HODGSON, 55 DANA ST., Somerville, Mass.

N. B. Dr. Greene, the successful specialist in curing all forms of nervous and chronic diseases, 33 W. 11th street, New York, can be consulted free, personally, or by letter. Call or write him about your case, or send for symptom blank to fill out, and a letter fully explaining your disease, giving advice, etc., will be returned free.

Why It Is Popular.

Because it has proven it's absolute merit over and over again, because it has an unequalled record of cures, because its business is conducted in a thoroughly honest manner, and because it combines economy and strength, being the only medicine of which "100 Doses One Dollar" is true—these strong points have made Hood's Sarsaparilla the most successful medicine of the day. 6
